**Guaranteed Minimum:**  
100 millions Colony Forming Units Per Gram

Simply place CleanBio<sup>TM</sup>  
BLUE FLUSH inside the  
water closet and you  
can say goodbye to  
dirty, smelly toilets.

CleanBio<sup>TM</sup> BLUE FLUSH works  
automatically with every flush,  
releasing a powerful biological  
cleaning formula that breaks down  
organic waste.

By clearing organic waste out of the  
toilet systems, CleanBio<sup>TM</sup> BLUE FLUSH  
eliminates the source of stains,  
encrustations and malodours.  
At the same time, it keeps drains  
free-flowing and choke-free.
